SPORT NEWS

By H. M. AYRES.

JOHN O'ROURKE IN TOWN ON A MISSION OF SPORT

John O'Rourke, veteran racing man and the one who has done most to keep the game alive in these islands was an arrival by the steamer Mauna Kea this morning.

John is known as "The Master of Hoolulu Park," and has raced many a notable bang tail on the local tracks.

The good mare Banonica was a useful bread-winner for O'Rourke and raced in California in his colors.

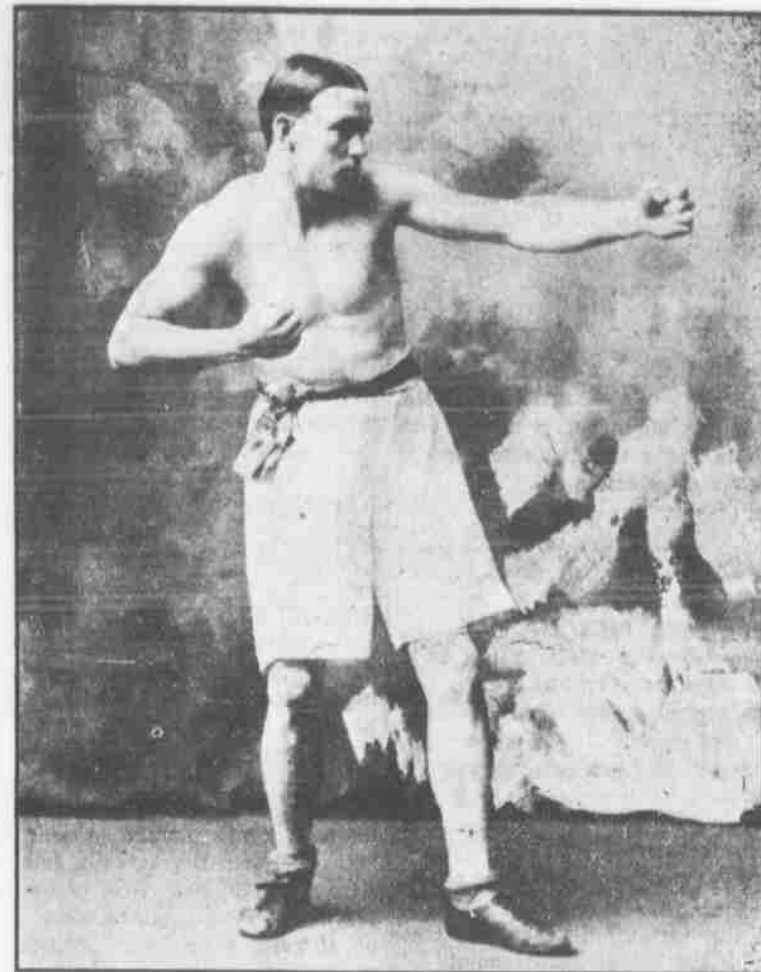

At present his stable shelters Melingo and Spring Ban, two classy runners; and the fast and shapely pacer, Denervo. It was with this trio that he swept the board at the last Maui meeting.

It was a brother of John O'Rourke who owned The Fetter when that horse won the Burns' Handicap the days when the going was good at Oakland, Ingleside and Tanforan.

His son, Dr. O'Rourke is one of the best-known veterinarians in the West and as a trainer has few superiors. John O'Rourke is in town to do business in connection with the mammoth sports carnival to be given in Hilo July 3 and 4, and for which \$7500 will be hung on the wire for horse races, boxing contests, pedestrian events and aviation features.

The celebration is being generously backed by the Hilo merchants and will undoubtedly be the biggest of its kind in the history of the islands.

LIGHTWEIGHT WHO MAY MEET SOME LOCAL BOXER

BILL GRAHAM.

Bill Graham has done considerable boxing in Atlanta, Ga., having met a number of good men with almost unvarying success. When the lid was put on the boxing game on the South, Graham married and has done little professional boxing since, though he

has always kept in the best of condition. Graham makes 130 pounds, ringside, and may appear at an exhibition to be given at Schofield Barracks on April 18. He may also be selected to meet George Ingle, who is coming here from the Coast.

AUSTRALIA'S GOOD SWIMMERS

NEW YORK, March 29.—According to mail advices received here from Sydney, the Australians hope to win the swimming honors at the Olympic games largely through their overwhelming strength in the free swimming events. Their team will be weak in some of the other contests.

Longworth, Hardwick, Boardmann and Healy will be the stars of the Australian aquatic outfit, and they have been making some marks recently which have duplicated world records and should assure them of a good share of the honors.

The Australians, however, appear to have overlooked the possibility of George Hodgson of Canada taking first places in the 400 and 1500 meter swims, and they do not seem to credit the recent sensational performances of Duke Kahanamoku of Honolulu and Brettinge of Germany in the sprints. It is conceded, however, that Australia, Germany and the United States will furnish a great fight for the international swimming laurels.

TWO JAPANESE NINES BILLED

Two J. A. C. teams will be seen in action at the Athletic Park tomorrow. At 1:30 an All-Chinese nine will oppose the J. A. C. Juniors.

At 3:30 the J. A. C. Seniors will cross bats with a picked team.

IS QUIXOTE OR MARVEL

NEW YORK, March 29.—James E. Sullivan, secretary of the Olympic games committee, has received an application for a place on the team from an athlete in Pekin, Ill., who modestly claims a place in five events—the 440 and the 880 yard runs, the Marathon, the running broad jump and the hop, step and jump. The "unknown" asserts in his letter that he has recently done the 440 in 43 seconds and the 880 in fairly good time. The world's record for the 440 at present is held by Maxey Long of the New York Athletic Club, with a mark of 47 seconds.

"If this youngster's abilities are on a par with his assertions, it seems as though he will displace several of the men who have been seriously considered for the team," remarked Sullivan, when he read the letter. "There would be little excuse for sending such commonplace stars as Jones and Sheppard in company with a performer like this."

Melvin Sheppard, the Olympic champion at 880 meters, is going to Kansas City next week to take part in a race there and will stop off at Pekin to see what the unknown wonder is like.

Pairings for the third round in the Stewart cup tournament at the Country Club are as follows: E. L. Spalding vs. D. H. Hitchcock, G. C. Potter vs. Jack Galt, winner of Dr. G. T. Smith and J. H. Wilder vs. H. H. Walker, James Greig vs. T. Gill. The third round must be completed by April 14, the semi-finals matches by April 28 and the finals by May 12.

WAVE BALL THE LATEST

SAN JOSE, March 27.—Every time Elmer Stricklett, inventor of the spitball, goes back to the majors after a "spell" in the minors he takes a new delivery with which to make good. This time he has perfected and got control of a "wave ball." The "wave ball" is a dry spitter, delivered from between the two middle fingers and the thumb, and has twice the speed of an ordinary spitter. The speed forms an air cushion ahead of the ball and gives it a wave motion from side to side, similar to the break in the usual picture of a streak of lightning. Stricklett is on his way to rejoin Brooklyn today. His wife accompanies him and he will spend a few days with his parents in Kansas en route.

HONOLULU TRIMMED JAHU PIN SHARPS

The Honolulu took two out of three from the Oahu last night, thereby increasing their lead on the Stragglers.

Monday's game between the Honolulu and Stragglers should be a great battle; two out of three for the Stragglers will give them the championship, while the reverse will give the Honolulu a fine chance to win out, as the Stragglers have to meet the Laeti Club which is always a hard proposition to deal with.

Williams was high score and average for the winners, 293 and 179. White was high score and average for the Oahu, 217 and 169.

The scores:
Honolulu. Total.
Scharlin 126 158 171 455

BEN DE MELLO MATCHED AGAIN

Ben de Mello, "the Hilo Lion," writes the sporting editor of the Star that he will box Jim Hsiao at 155 pounds at 6 p. m., but that he will not consider a catchweight proposition.

He would like to fight Wahilani and agree to make 142 pounds ring-side for "The Whirlwind."

De Mello is matched to box a lemon named Bob Trail in Hilo on April 20.

Ben winds up by saying that he is well and welterweight champion of the Territory, that it is rainy in Hilo and that the hack business is good. He wishes to be kindly remembered to all his friends.

SPORTDRIFT

Jerry M. won the Grand National Steeplechase of \$15,000 run at Liverpool. Bloodstone was second and Axle-pin third. Twenty-four ran.

"Expert Companion" and "Cheer-Up-in-Chief" Dude Miller breezed in to town by the S. S. Sierra yesterday. He isn't saying much.

Talk about promotion. An impression that Kahanamoku is a Filipino is rapidly gaining ground in the East. My wife's cat's aunt!

The world doesn't love a lover whose specialty is self-love.

The self-made man usually tries to monopolize the spotlight.

The "Campfire Girls"; Success To Them

S. F. Examiner: Dr. and Mrs. Luther Gulick of New York have proclaimed a crusade for the recovery of the romance of strong and capable womanhood. Their militant order of "Campfire Girls" is to do for the little women what the Boy Scout movement is doing for the little men.

If the "new woman" has renounced the joys of good housekeeping and left the homely and practical arts to follow the lure of social ambition and abstract intellect, the Gulicks think that the very newest kind of woman can be brought back to the abandoned hearth by being made to look upon it as a campfire in a tented field or a vested flame of faith and chivalry.

In plainer words, the girls are going to be made to understand that there is fun in doing things extra well. The working girls that have grown listless over the monotonous tasks of shop and store are going to be stirred to see that the true goal of romance is not to be found in sentimental fiction, but in real life. And their pampered, unworking sisters, who have grown listless from other causes, are going to join hands with them in adventures toward the same realities.

The prospects of the "Campfire Girls" contains an inspiring idea. Possibly the proposed movement could have been better named, and better planned, but it is all right in the main. Nothing is truer or more important than the discovery that there are unworked mines of power and happiness for girls as well as boys—and for women as well as men—in just getting outdoors and putting one's hands and feet into voluntary contact with material things.

Our public school training in this country has been excessively abstract and intellectual. It has failed to conform itself to the plain fact of human nature that a youngster cannot really learn anything that he doesn't know without trying something that he hasn't tried—that people learn by adventures, and not otherwise. It seems that the effect of book study with experiments and experience is simply to kill curiosity and cloy the appetite for knowledge.

It is a mighty good thing, therefore, that the Boy Scouts and the Campfire curriculum. May success attend their escapades.

Purdy is in the running from Hama-kua.

Koomoa, from the Kona, is not considered to have much chance. Julian Yates, one of Senator Makekau's pets, the auto man, is very favorably considered and may come in. He is declared good material and would probably be supported by many Republicans and Democrats, though he is a Home Ruler if that party may still be considered as in existence.

As for the office of sheriff, David Baker is said to be an aspirant, though Pua would probably be elected.

There will be no opposition to W. H. Beers for the county attorneyship. Treasurer Swain will run again. He will meet some opposition from the Home Rulers.

Clerk Kai will also run again and will also get Home Ruler opposition.

Auditor McGuire should not have any difficulty being re-elected, though it is whispered that there is another aspirant for the office.

Concerning the results of the Delegate to Congress everything is at present away up in the air. If the mainland indications later point to the probability of a Democratic Congress, the move in Hawaii will be for a Democratic Delegate, in which move it is not unlikely that Kubio himself might join.

Service: There is a Japanese boxer of extremely small dimensions in town and there are reasons for supposing that some of his countrymen are resentful because he is not attracting the attention they think is coming to him. The sporting editor now finds in his morning mail occasional letters of the recognized "schoolboy" stamp, in which the little men of the ring are accused of dodging the Jap.

Here is a sample: Why are it Young Togo have command no matches since arrival?"

"Can it be possible nothing doing because of hot stuff?"

The signature looks like "Michigander," but of course it can't be that. The office boy says he can make out the letters MATSAI, and that then it tapers off into the undecipherable.

But whether it is patriotism or press work, it cannot help Togo to any extent unless the local promoters take a notion of exploiting him.

Dr. MacLennan has returned and resumed practice. Office, King St., opposite Advertiser office. Hours: 10 to 12, 2 to 4, 6 to 7.
